## STAND THEIR GROUND.

Neither British Nor Russian Forces Will Budge an Inch.

### BRITISH RUSHING REINFORCEMENTS.

Both Sides Have Orders Not to Shoot Unless It Becomes Necessary. Waldersee Powerless So He Returned to Peking.

Tien Tsin, March 20. — A special train bearing reinforcements of Australian troops left Peking for Tien Tsin at 10 o'clock Wednesday morning.

One French, an Italian and a German warship are outside the bar.

General Lorne-Campbell, the English commander, and General Wogack, commanding the Russians, met Count von Waldersee on his arrival here. Learning that both had received instructions from their governments, Count von Waldersee said it was useless for him to give even an opinion regarding the matters at issue. He has returned to Peking.

It is the general feeling in Tien Tsin that the trouble is not likely to reach a point where blood will be shed. Both detachments on guard have orders to do nothing aggressive unless forced to do so by the other. Except the army and camp followers, the only Russians now residing here are the members of the consular staff, two Cossacks and two Jews, who are running stores and who left Russia in order to save their lives, and are now being offered inducements to move to the Russian concession.

The French concession is quiet. French gendarmes are on duty at the British concession to prevent soldiers trespassing, and the naval brigade men are preventing the Sikhs from invading the French concession.

### REPORT FROM ROCKHILL.

Agreement on Indemnities no Nearer Than When Negotiations Began.

Washington, March 20. — Another communication was received from Special Commissioner Rockhill touching the complications that have resulted at Peking from the efforts of various powers to reach a uniform basis for their indemnity claims, but there is nothing to indicate that an agreement is any nearer than it was when this subject was first taken up by the ministers. Although the state department is more than convinced that its suggestion looking to the reference of the entire subject of indemnities to The Hague commission is the true solution of the difficulty, that proposition having been definitely rejected early in the negotiations is not now before the ministers. But no precise instructions have been sent Mr. Rockhill within the last few days on that point, owing principally to the absence of the president from Washington. It is presumed, now that the president's attention is again directed to the subject, there will be more complete definition of policy.

The situation at Tien Tsin still fails to excite the officials here, who feel that the critical point has passed.

A curious fact in connection with the Manchurian complication is that so far there is no trace of an official protest to Russia against the execution of her announced program in Manchuria. It is not for lack of disposition to oppose this policy that the protest has not appeared, but because there is no authenticated copy to be had of the reputed Chino-Russian agreement, and, further, no one of the powers has yet been found willing to take the initiative in challenging Russia. The state department has exerted what influence it could to secure a statement of facts as to Manchuria, the result of which was a repetition of the Russian disclaimer of improper motives, but not a definition of the program for the future, further than it was defined in the Russian pronouncement last August.

### DEADLOCK CONTINUES.

General Wogack Makes a Statement Of Russia's Position.

New York, March 20. — A dispatch from Tien Tsin says Count von Waldersee while here had long and separate conversations with the Russian and English commanding generals. He orally renewed the propositions which had been made by telegraph and which the Russians declined to entertain. General Wogack declined to discuss the question of ownership until the British had withdrawn from the ground claimed by Russia and occupied by his forces. General Campbell stated that under his instructions he could not withdraw from the position. British officers maintain that if, as rumored, Russian troops are being hurried to Tien Tsin from Port Arthur, the British government will regard their arrival as a hostile movement on the part of Russia. General Campbell has received the approval of his government

in his view of the dispute with the Russian commander here, and is holding his ground under orders from London. The deadlock therefore continues. Count von Waldersee was visibly depressed at the failure to arrange the question, the seriousness of which he seemed to fully realize.

There was much fighting during the day between French and British soldiers, but up to the present there have been no serious results. General Vovron has ordered out gendarmes, who, together with the Australians, are guarding the settlement and preventing French soldiers from entering.

Count von Waldersee's proposal, which General Wogack declined to entertain, was that the disputed territory be turned over to a neutral guard, the Russians and British simultaneously to withdraw pending legal investigation of the questions involved.

General Wogack has made the following statement of the Russian position: "The question over which we unhappily are at odds is not whether the disputed ground belongs to us or to the Chinese government or to the railway company, but whether the English will make good their trespass. At the time the British attempted to take possession the ground was protected by Russian flags and a clearly delimited boundary of stone. Their flags were overturned and thrown away by a working party of Bengal pioneers and coolies, who went on with their work until driven off by the guards. Before we can discuss the question of ownership the British, who are still to some extent on the ground, must withdraw. Once the British have withdrawn, I am sure the Russian Imperial government will ignore all previous regrettable violence and listen in a most friendly spirit to whatever the British government may have to say regarding the definite possession of the disputed territory. No sane person can for an instant doubt that had the English requested permission to build a switch or sidetrack on our ground it would have been immediately granted. Unfortunately, however, they sought their ends by forcible means. The British troops must be withdrawn from Russian territory. There can be no other settlement."

### Unconfirmed Rumor.

London, March 20. — 1:50 p. m. — Officials of the foreign office have received no information of an outbreak of Russian-British hostilities at Tien Tsin. Their latest advice says the position remains the same. The rumor (credited by a news agency to the London stock exchange and published in New York) that the British and Russians had fired at each other at Tien Tsin has not even reached the leading stock exchange firms, nor have any declines occurred which the circulation of such a rumor would create.

### Chance For Another Clash.

Shanghai, March 20. — A dispatch from Tokyo says all the Russian warships in Japanese waters have sailed for Korea and that the Japanese squadron is mobilizing for an immediate departure to the Korean coast.

### Official Notice of Queen's Death.

Paris, March 20. — The minister of foreign affairs, M. Delcasse, gave a luncheon in honor of Earl Carrington and other members of the British mission appointed by King Edward to announce officially to the French government and other governments the death of Queen Victoria and his majesty's accession to the throne. The British ambassador, Sir Edmund J. Monson, and the staff of the British embassy, the representative of France at the queen's funeral, and the officials of the foreign office were present. Earl Carrington presented an autograph letter from King Edward in a short speech, during which he expressed congratulations in the name of the government and people of Great Britain at the cordial relations between the two countries. M. Loubet replied briefly, expressing the hope that the ties would be further strengthened under the reign of the new king.

### Navajo Roundup.

Phoenix, A. T., March 20. — A dispatch from Fort Wingate says no difficulty will attend the roundup of the Navajo Indians on the Grand Canyon reservation. The Indian police say the Navajos are willing to return to the reservation. The work of removal will begin at once. A strong force of soldiers at Wingate will be ready if trouble occurs. The Indians who are to be replaced on their reservation have been for some time trespassing on the Grand Canyon forest reservation.

### Two Destructive Fires.

Kenova, W. Va., March 20. — Two fires, aggregating a loss of \$90,000, occurred here. The Grand Hotel, owned by Wright Brothers of Ceredo, burned. No lives were lost. Loss \$40,000. Davis & Lenon's saw and planing mills burned, as well as all the lumber in the yards. Loss \$50,000; no insurance. Neighboring towns were appealed to for assistance, but it was impossible for any to respond.

## DAUNTLESS LADRONES

Still Resist American Assimilation In Masbata Province.

### PANAY IS NOT ENTIRELY PACIFIED.

Philippine Commission Traveling About the Archipelago Establishing Provincial Governments. Masbata Province Erected.

Iloilo, Island of Panay, March 20. — The Philippine commission was welcomed on its arrival here by General Hughes and his staff. Iloilo province is prepared for organization, and the other provinces, it is believed, will be ready by the time the commission returns from the south. Panay is nearly pacified.

The commission formally examined the position of Panay, and will proceed to Negros, to remain there three days.

Negotiations are being made for the surrender to the American authorities of the Filipino leader Fution, in the interior of the island.

The islands of Masbate, Ticao and Barlos, with a population of 40,000, were constituted the province of Masbate. The island of Masbate has been impoverished by the rinderpest, which has killed the cattle, the raising of which is almost the sole industry of the inhabitants. The people welcome the idea of a civil government, and promise to extend their timber and agricultural operations.

For reasons of economy the commission has decided upon no salaries for the provincial officials. Senor Soriano, a native, has been appointed governor of the province; George Landers, a New York soldier, supervisor; and Lieutenant Snyder of the Twenty-seventh Infantry treasurer. The duties of the fiscal of Dombin will be extended to the Masbate province. Arrangements have been made for the establishment of schools, of which there have heretofore been practically none in the province.

The Ladrones are the only unpacified natives remaining in Masbate.

### Philippine Mails Pilfered.

Washington, March 20. — Director General of Posts Cotterman of the Philippines has reported to the post-office department that within the past few months a great many complaints have been received at Manila, indicating pilfering from the mails. Most of the mail dispatched from the Philippines, as well as that received, originates at army posts, where there is no regular postoffice. Much of this mail is carried between the army post and the nearest postoffice in the sacks on pack trains. The report goes on regarding the necessity for imprints on the wax seals of mail sacks. Mr. Cotterman requests a supply of 150 hand-presses with a die on each bearing a distinctive number. He adds: "Many sacks of mail are carried on steamers doing a local traffic throughout the islands, but which are not under government control. The crews of these steamers are comprised wholly of natives or Spaniards, and the time has not arrived when these people can be trusted to any extent."

### Braunersruther Ill.

Belleville, Ill., March 20. — A cablegram was received by relatives of Lieutenant Commander William Braunersruther of the United States navy, who is captain of the port of Manila, conveying information of his serious illness. The message stated that he had been relieved of duty and ordered to Yokohama hospital. Much interest is felt here concerning the condition of Lieutenant Braunersruther, who is a native of Belleville. His family is residing in this city. Captain Braunersruther was the official against whom Editor Rice made sensational charges, for which Rice was exiled from the Philippines.

### Shot For Train Wrecking.

Cape Town, March 20. — J. P. Minaher, S. Minaher and J. A. Neuwoudt were shot at De Aar for treason and murder in pursuance of the sentence of a court-martial. The death sentence was passed a week ago in connection with the wrecking of a train near Taasbosch, by which five men were killed. General Kitchener confirmed the verdict. The garrison was paraded when prisoners were led out. Death was instantaneous. A Dutch minister and relatives remained with the prisoners until the end. Two others concerned in the train wrecking were sentenced to five years' penal service.

### British Paper Pessimistic.

London, March 20. — The Westminster Gazette makes pessimistic comment on General Botha's refusal to accept the peace terms offered by Lord Kitchener, and connects the refusal with the situation in China. The Gazette says the powers are at sixes and sevens in the far east, and that any day may see the commencement of a

struggle from which the Boers may recover their own. The failure of those peace negotiations mean that the military position in South Africa is not yet decisive.

### NEBRASKA DEADLOCK.

Caucus Choice For Short Term Senator Didn't Go Through.

Lincoln, Neb., March 20. — After the selection of D. E. Thompson for United States senator for the short term on the ninth ballot by the senatorial caucus, balloting for the long term senator began and continued until 49 ballots had been taken, when, at 3:30 a. m., the caucus recessed for luncheon. The last ballot stood: Rosewater 30, Melklejohn 15, Currie 8. When the caucus reconvened the balloting was continued, Rosewater leading in the race. At 4:30 the caucus adjourned without making a choice for long term senator and without material change in the standing of the candidates, Rosewater maintaining his lead.

Mr. Thompson failed of election by the joint session of the house and senate at noon.

According to the rules under which Mr. Thompson was nominated, the caucus having adjourned without naming a candidate for the long term, thereby invalidated the nomination it had already made. The rules of the caucus call made the provision that both senators should be named at the same session.

The ballot showed much change, Rosewater securing nearly twice the number of votes he has at any time polled and Thompson reaching his mark. The ballot was as follows: Allen 54, W. H. Thompson (Fusion) 42, Hitchcock 14, Hinshaw 4, D. E. Thompson 56, Rosewater 29, Melklejohn 20, Crounse 10, Currie 9, Martin 9, scattering 3; necessary to a choice 63.

### GLAD TO GET OUT.

Mutinous Convicts Returned to Prison. Rhinoceros to Be Put to Death.

Leavenworth, Kan., March 20. — All of the 281 mutinous convict miners have been taken from the penitentiary pit at Lansing and placed behind prison bars. Two of the convicts were shot and wounded slightly by the first careful of guards that descended into the pit to rescue the 15 guards held as hostages. When the cage reached the bottom of the pit a number of convicts attempted to make a stand, and a volley was fired above their heads to frighten them. One convict was shot in the arm and another received a bullet in the left leg. This cowed the others and they surrendered without further trouble. The guards were first sent to the top, the convicts following as quickly as they could be rounded up. Many of the convicts hid in different tunnels and it was some time before all were found.

The convicts had been practically 24 hours without food and were glad to reach the top. At the penitentiary each man was given but a cup of coffee and a few slices of bread. This served as the beginning of their punishment. Warden Tomlinson says he will punish the ringleaders severely and all will be kept in confinement awhile. Not one of the 15 guards held underground is any worse for the experience.

### Chamberlain Libel Cases.

London, March 20. — The libel actions brought against The Star and Morning Leader by Arthur Chamberlain, brother of Joseph Chamberlain, and Neville Chamberlain, son of Arthur Chamberlain, in connection with war office contracts, was begun in the king's bench court, before Lord Chief Justice Alverstone. Plaintiffs claim damages for serious attacks on their commercial integrity, including the statement that they stooped to improper means to obtain contracts against the interests of the public service. Defendants pleaded that their articles did not libel plaintiffs and were fair comments on matters of public interest. The case of Arthur Chamberlain was taken up to be tried first.

### Match Declared Off.

New York, March 20. — William L. Marks, representative of John J. Scannell, and Jack Roach, representing Thomas W. Lawson of Boston, met for the purpose of arranging a match between The Abbott and Boralma, but failed to come to terms and the match was declared off for the present. Mr. Scannell insisted on having three out of five heats, to which Mr. Lawson's representative objected, preferring four out of seven heats. Mr. Scannell said he is now ready to race The Abbott against any horse in the world for \$50,000, best three in five, the gate receipts to go to charity.

### Oberlin Postoffice Robbed.

Oberlin, O., March 20. — Robbers blew open the safe in the postoffice here and escaped with everything of value. A young man who slept in the building was found lying on the floor bound and gagged. The amount taken will not be known until the postoffice inspector arrives. There is no clue to the identity of the robbers.

## IMPORTANT POWWOW.

Hanna, Grosvenor and Dick Conferred With the President.

### DISCUSSED THE SITUATION IN OHIO.

Foraker Called During the Conference But Didn't Stay Long—Trip to Pacific Coast Talked Over—President Besieged by Counselors.

Washington, March 20. — The president was fairly besieged with callers Wednesday. Senators Burrows and McMillan of Michigan called to file a caveat on the vacancy in the civil service commission created by the death of Mr. Brewer. They have not yet selected a candidate, but believe the place should go to Michigan. Within a short time they expect to suggest a candidate.

Congressmen Hitt, Foster, Foss and J. R. Williams of Illinois; Rucker and Benton of Missouri; Jones of Washington and Minor of Wisconsin saw the president on behalf of ex-Congressman Rodenburg's candidacy for a place in the St. Louis exposition commission. They appeared to be encouraged over the outlook for their candidate when they emerged from their interview. The contest is understood to have narrowed down to a choice between Mr. Rodenburg and Cyrus Northrup of Minnesota. It is understood the commission will be named next week.

Senator Hanna, General Grosvenor and Mr. Dick of Ohio had a very extended conference with the president. They were closeted with him almost two hours. Senator Foraker called during the progress of the conference, but remained only a short time. The importance of the consultation may be judged from the fact that Secretaries Root and Gage, who had business with President McKinley, after waiting some time, returned to their respective departments. The consultation between the Ohio Republican leaders and the president covered quite a number of questions, national as well as state, but was largely confined, it is said, to the present situation in Ohio. At the conference a number of Ohio army appointments and several other appointments were discussed. The president's trip to the Pacific coast was also talked about. The Ohio delegation in congress is to go to San Francisco to be present at the launching of the battleship Ohio. General Grosvenor has gone to New York to make arrangements for the trip.

It is understood on high authority that the president has decided to appoint P. K. Knox of Pittsburgh to fill the vacancy in his cabinet that will be caused by the retirement of Attorney General Griggs April 1.

### Harrison's Will.

Indianapolis, March 20. — The will of General Harrison has been filed for probate. He bequeaths to the Union Trust company, as trustee, if his wife shall survive him, \$125,000; to his daughter Elizabeth, \$10,000, to be paid to his wife as trustee. He leaves \$10,000 to be invested for his grandson, Benjamin Harrison McKee. To his grandchildren, Mary Lodge McKee, Martha Harrison and William Henry Harrison, he leaves to each the sum of \$2,500 in addition to other gifts. To his son Russell and daughter Mary he leaves jewelry and numerous articles. All the rest of the estate is to be divided between his children.

### Presidential Appointments.

Washington, March 20. — The following presidential appointments were announced: Robert S. Rodie, to be supervising inspector of steam vessels for the Second district; Henry F. Schoenborn, to be first assistant engineer in the revenue cutter service; Albert W. Wishard, to be attorney of the United States for the district of Indiana; John J. Oliphant, to be register of the land office at Mangum, O. T. Also a number of surgeons and minor army officers.

### Oratorio Singer Suicides.

St. Louis, March 20. — Charles Humphries, 32, tenor singer, leader of the choir at the Second Baptist church, and a well known society man, committed suicide by shooting in his studio. No cause for the act is known. A sealed note, addressed to the dead man's widowed mother, was on the stand near by. Mr. Humphries was well known in musical circles throughout the country as an oratorio singer. He was unmarried.

Detroit, March 20. — Albert Ives, 91, the oldest banker in Detroit, died at his residence here. In 1847 he established the private bank of A. Ives & Sons, which failed last fall. Mr. Ives, who had retired from active business, was kept ignorant of the failure, and up to his death believed the institution to be flourishing. He was born in Wallingford, Conn., and came to Detroit in the year 1837.

ANOTHER Kentucky city that depends on a "bucket brigade" for protection suffered a heavy loss from fire this week. This time it was Madisonville. The flames originated in an old tobacco stemmery, and then was witnessed the farcical sight of a "bucket brigade" trying to extinguish a \$75,000 fire. The loss would have paid for several up-to-date fire engines.

## DEMOCRACY AND SOCIETY.

"It is an encouraging thing that the really influential and thoughtful men of the world are turning more and more to democracy as the safeguard of our civilization," says the Indianapolis Sentinel. "Two great men have recently spoken on this theme—Pope Leo in his recent encyclical, and Dr. Lyman Abbott. While it is true that these men do not have the same thing in mind, it is also true that they both recognize one of the fundamentals of democracy—namely, the principle of service.

"The Pope's thought is of what he calls Christian democracy, and has nothing to do with politics. He would have his followers all over the world work in the most practical and direct way for the relief of the suffering and unfortunate, and for the building up of strong character. All this is based on the Christian theory that men are brothers. A half a century ago Christian socialism was looked on by many men as the great hope of the future. There is vastly more promise in the Pope's Christian democracy.

"But Dr. Lyman Abbott, in a recent address on 'The Safeguards of Democracy,' takes rather the political view. He shows very clearly, however, how things hang together and how our political ideals have affected industry, education and religion as well as government. In his opinion democracy will last, for it is the product of eighteen centuries of growth, has influenced our whole life, and has affected the individual character, making the members of society self-respecting, and having respect for their neighbors." Dr. Abbott points out that though the diffusion of political power among the people may involve perils, it is on the whole a safeguard. That is, of course, the theory, and in the main the theory has been and is being sustained by the facts."

## A FEW POINTERS.

The Lexington Herald calls attention to some points that it would be well for the people of this city to earnestly consider. "Every time a successful enterprise is established," the Herald asserts, "it attracts other investors and causes the construction of other factories." If the people of Maysville will take the history of some big manufacturing enterprise and study it carefully they will find that the Herald's assertion is true in almost every instance. One big factory naturally attracts lesser enterprises that are dependent upon it, in a sense, and so when money is invested in a factory it may prove helpful to your city in more ways than one.

Another statement made by the Herald is this:

We have not the predisposition towards manufacturing. This is somewhat an inherited gift. Co-operation itself seems to be acquired by inheritance; and we have not yet acquired it in Kentucky, but we are acquiring it and Lexington can be built up without the introduction of foreign capital, but this will not occur.

The predisposition here in Maysville has been very largely towards merchandising. We have been distributors instead of producers, in a manufacturing way. That has been the great trouble here. Millions of pounds of tobacco grown right at our doors is taken year after year to other points and turned into the manufactured product, and then much of it has been shipped back here and sold by our merchants. If the tobacco grown in Mason County alone were manufactured here in Maysville, it would make a new city of the place in the next decade. The value of our real estate would be greatly enhanced, and business generally would be immeasurably benefited. Is it not worth the while to try to establish and build up a great tobacco factory here? Let us do as the Herald urges Lexington people to do, "furnish the local influence and a large part of the capital, and secure non-residents of experience and intelligence,—men who are experts in the particular business and who have capital—to unite with the resident incorporators." We have an opportunity to do this

very thing now, as men "expert" in the manufacture of tobacco, and who have capital are anxious to move their factory here to Maysville. Let's seize this opportunity.

## GEORGE R. WELLS.

**Death of a Well Known and Highly Esteemed Citizen of the County Last Night.**

Mr. George R. Wells, whose illness has been mentioned, died last night at 10 o'clock at his home near Bernard. His health had been gradually failing a year or so.

Mr. Wells was a native of Mason and was seventy-two years old last month. His wife, who was Miss Melissa Loyd, survives him, with four sons and one daughter,—Robert, of this city, Charles, who is a candidate for School Superintendent, William, of Louisville, James, a physician of Dallas, Texas, and Miss Minnie, who is with her mother. Mr. Wells is also survived by two brothers, Wm. E. and John S., both of this county. A sister, Mrs. Sallie Wilson, died a month or so ago.

## GET INSIDE.

**Your Friends and Neighbors in Maysville Will Show You How.**

Rubbing your back won't cure backache.

A liniment may relieve, but can't cure.

Backache comes from the inside, from the kidneys.

Doan's Kidney Pills get inside.

They cure sick kidneys.

Here is Maysville proof that this is so:

Mr. W. L. Nicholson, of 14 Court street, employed by Russell & Sons, grocers, says: "The use of Doan's Kidney Pills by anyone who does much riding will help an aching back so quickly he will wonder greatly at the prompt and effective riddance of the trouble. I procured Doan's Kidney Pills at J. Jas. Wood & Son's drug store, corner of West Second and Market streets, on the advice of a friend and the results obtained were so satisfactory that it is a pleasure to recommend the remedy to others whenever opportunity is offered."

## WAITED LONG YEARS.

**But His Patience Was at Last Rewarded and Bierly Got His Nickle.**

[Portsmouth Times.]

A portly and distinguished looking citizen walked into Bierly's restaurant Saturday and asked the proprietor if his name was H. A. Bierly. On being answered that it was, he said: "Well, sir, here is a nickle that I owe you." Bierly was a bit puzzled, but soon had recalled to him the service out of which the debt grew. Thirty-four years ago a stranger came riding by the Bierly home and said to H. A. Bierly, who was a bare-footed boy, standing in the roadway: "Son, if you will cut off that limb that hangs from that thorn tree, I will give you 5 cents." The limb was cut off, but the man never came that way, though H. A. hung anxiously and expectantly over the rail fence day after day. The stranger proved to be Dr. A. N. Ellis, proprietor of the famous Blue Lick Springs, near Maysville, Ky. He was here to introduce his waters and made Bierly his agent.

Mr. John Strasbaugh died at his residence on Jersey Ridge last night, aged seventy-six. He leaves a wife, three daughters and four sons. The funeral will take place at the house Friday at 10:30 a. m. Interment in Kerr's burial ground.

# The Dress Goods Congress Convenes.

Not a day too early but early enough. We know you want to see what the spring of 1901 has to offer. If you buy now you will be glad when the bright April days find you prepared—no hurry or worry but leisure for enjoyment of the flowers and sunshine. Counters and shelves are groaning under the accumulating loads of new goods. Intelligent dress goods buying cannot be done if our stock is not consulted. This descriptive word of some.

## \$1.65 Rainetta For \$1.25.

This splendid offering comes just when dozens of women are thinking of a new walking skirt for early spring. Made of thoroughly scoured wool that can be easily brushed—with the "body" that will hang correctly and hold its shape. It's a rain defier. We took all the jobber had after his orders were filled and can save you a third of the price. Black only.

## ETAMINE

Is an open mesh material—as different as can be from an iron frame grenadine, which it most resembles. Is that statement clear? This new old friend has had various charming treatments and is one of the high class novelties of the season. Black only. 50c., 75c.

## MELANGE

In gray and rose color, both beautiful shades. This is a slightly corded goods, like a very fine poplin. All wool of course and full 45 inches wide. A good deal for the money. 59c. a yard.

Remember, we'll quit selling when we quit exelling.

No, I Have Not Left Town!

Neither do I intend to. The fact is, I have just come to town; I am better prepared than ever to execute fine plumbing work in my new location on Sutton street, Hechlinger Building. If you contemplate having plumbing work done it certainly will pay you to get my prices. For reference ask any of the twelve persons that I have put in bathrooms for. Call and I will give you the names. They tell me they are pleased with my work. Do not ask or pay any attention to some one that I never did any work for. I can put you in a job of work just exactly like a first class job of plumbing is done to-day in New York City. I have put in one of the largest jobs of steam heating in this part of the State. When the work was completed it was gone over by two experts. They came and congratulated me on the work. If I can execute a job of this kind I certainly can heat your home satisfactorily and comfortably. GEORGE H. TRAXEL.

### MARRIED IN MEXICO.

Mr. Ed Cook and Mrs. Tina Dobyns Wedded Mch. 12th at Bride's Home in Missouri.

The BULLETIN recently stated that Mrs. Tina (Bledsoe) Dobyns, of Mexico, Mo., formerly of this city, was to be married to a commercial traveler. Wednesday news of the nuptials was received here.

The wedding took place March 12th, and it transpires that the happy groom is also an ex-resident of Maysville, the fortunate gentleman being Mr. Ed. Cook, whose first wife was Miss Natalie Hunt, of this city.

The newly-wedded couple have a large acquaintance in this city and county, and their friends unite in congratulations and good wishes.

A representative of Mr. A. D. Du Ganne, photographer, 17 West Second street, will call at your home in the near future, offering an inducement to obtain his excellent work. Wait for him.

### Strikes a Rich Find.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green, of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicine I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a great tonic and invigorator for weak, run-down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by J. Jas. Wood & Son, druggists.

### BASKET BALL.

Last Night Witnessed a Close Game Between the Yankees and Heinies.

Last night the postponed game between the Heinies and Yankees was played off at 8:30 o'clock, a large crowd of visitors being present to witness the interesting sport. Each game played seems to be a little better than the one before, due to the fact that the men are growing more accustomed to their places on the teams, and with practice are getting to be more nearly perfect. The game played as fast as it is played now on a small field cannot but be somewhat rough. A good many fouls were called last night, and not as many probably as should have been. It was clear from the beginning that each team was bent on victory. At end of first half the game belonged to the Heinies with a score of 6 to 10.

In second half the Heinies lost a few points and it seemed as though time might be called upon a tie game, but the moments were long enough for the Yankees to get one point a head, the score being at close of game, 19 to 20 in favor of Yankees.

Regular scheduled game will be played to-night between the Heinies and Schwartz's Braves.

Mrs. Mary Martin is quite ill at her home on Forest avenue.

### A Horrible Outbreak

"Of large sores on my little daughter's head developed into a case of scald head," writes C. D. Isbill of Morgantown, Tenn., but Bucklen's Arnica Salve completely cured her. It's a guaranteed cure for eczema, tetter, salt rheum, pimples, sores, ulcers and piles. Only 25c. at J. Jas. Wood & Son's.

The Bee says it is rumored that eight or nine Ripley young ladies are to be married the coming spring and summer, and with one exception the gentlemen interested are all residents of other towns.

The Carlisle Democrat says: "Dogs made havoc with sheep last Thursday night, destroying about \$30 worth for Thos. Knox, \$40 worth for Mrs. Talbert and \$50 worth for Dave Huddleson. More dogs or less sheep is the inevitable of the present dog era."

A handsome set of sterling silver tea spoons, with case, \$3.50, table spoons \$8 per set, forks \$6 per set, of Gorham Manufacturing Co.'s make. Eight-day clock \$2. All goods are sold at prices not equalled anywhere. Made by the best makers and warranted.

MURPHY, the jeweler.

The marriage of Miss Florence Adkins, daughter of Capt. and Mrs. John Adkins, of Ripley, to a gentleman residing in the East will take place April 10th, at the Ripley Presbyterian Church. The bride-to-be is a handsome and accomplished young lady, and has had a Government position in Washington City for several years.

R. J. Cassidy, formerly a detective in the employ of the State Board of Pharmacy, has engaged a Lexington attorney to bring a \$10,000 damage suit against the board for the losses he sustained by being compelled to quit selling patent medicine. He will also seek a restraining order against the board to prevent it from interfering with his business in the future.

Rev. W. F. Cowden will preach at the Christian Church to-night at 7 o'clock. He is prominently identified with home mission work and will tell of the work being done and the needs especially in the far West, Northwest and Southwest. All are cordially invited. No collection will be taken. Mr. Cowden is an able speaker, and all should hear him on this subject.

Mr. A. D. DuGanne, who has opened a studio at 17 West Second street, was for eleven years in charge of Photographic Department of the Geological Survey at Washington, D. C. To hold this position an artist must possess ability of the highest merits. Maysville people who desire photos in the latest and most approved style of art should see his work to appreciate it. He is a graduate of the most artistic French school, combined also with practical knowledge of modern photography. His studio will be opened on Monday for business and all are cordially invited to call and see his work.

### ABERDEEN MAYORALTY.

Claim Made That Successor to the Late Mayor Wilson Can Not Be Chosen at Next Election.

There are two candidates offering for Mayor of Aberdeen at the spring election.

According to law, and an opinion given by Attorneys W. D. and E. R. Young to Mr. John Purdum, who was recently appointed by the Council of that village to fill the unexpired term, there was no Mayor to elect, states the Ripley Bee, as the law says that the appointee shall hold until his successor is elected and qualified, and that such successor shall be elected at the first proper election held more than thirty days after the vacancy occurs.

Now, the vacancy only occurred twenty-nine days before time for holding said election, consequently there is no Mayor to elect this spring.

### River News.

Captain Wm. Bay, owner of the steamer Urania, says that his boats are not for sale.

Virginia for Pittsburg, Urania for Iron-ton, Stanley for Pomeroy to-night. Down the Wells and Courier.

Colonel Elmore Wood, of New Orleans, has placed an order for 100,000 tons of coal with the Consolidated Coal and Coke Company. The order embraces shipments to be made to New Orleans, of which 60,000 tons are for the use of the Texas Pacific Railroad Company and 40,000 for supplying New Orleans terminals and lower south branches of the Louisville and Nashville railroad. The contract approximates \$300,000.

Thirty-three years ago Mch. 18th the steamer Magnolia blew up near California, Ohio. She was a tri-weekly packet in the Maysville and Cincinnati trade, with Capt. James H. Prather, of Covington, in charge. The accident occurred at 1:30 o'clock in the afternoon. The boat had left Cincinnati an hour before with 100 passengers and a crew of forty. One of the boilers let go, hurling quite a number into eternity, besides injuring a great many.

### "Private John Allen."

It is conceded by critics that Mr. Charles B. Hanford can read lines as well if not better than any actor on the stage. It was generally believed that his "Mark Antony" was a performance which ranked with the Brutus of the late lamented Booth and the Cassius of the equally lamented Mr. Barrett. It has been thought that Mr. Hanford would not be at home without his toga and in the classics, but he is now wearing plain ordinary citizens' clothes, and is still exhibiting that artistic work which made him known all over the country. This he is doing in a new play of Southern life and political nature, which is called "Private John Allen," in which he will be seen at the opera house next Monday night.

Mr. Isaac Watson, who was so dangerously injured at the pulley factory Tuesday, was operated on Wednesday by Dr. Adamson, of this city, and Dr. Ransohoff, of Cincinnati. The fractured skull was trephined and some pieces of broken bone pressing on the brain were removed. Mr. Watson's friends will be glad to know he has been getting along just as well as could be expected since the operation, and that his chances of recovery are greatly improved.

### **Night Was Her Terror.**

"I would cough nearly all night long," writes Mrs. Chas. Applegate, of Alexandria, Ind., "and could hardly get any sleep. I had consumption so bad that if I walked a block I would cough frightfully and spit blood, but, when all other

medicines failed, three \$1 bottles of Dr. King's New Discovery wholly cured me and I gained fifty-eight pounds." It's absolutely guaranteed to cure coughs, colds, la grippe, bronchitis and all throat and lung troubles. Price 50c. and \$1. Trial bottles free at J. Jas. Wood & Son's drug store.

The Cincinnati Post says the venerable Colonel W. W. Lamar, aged ninety-one, of Aurora, Ind., slipped in the Change Building late Tuesday, his back being severely injured. He was at the hospital in a serious condition at last accounts. Col. Lamar is the father of Mrs. B. W. Goodman, of this city.

**Woman's Horror**  
 Modest women dread to consult a doctor about diseases peculiar to their sex. They have a horror of private examinations and surgical operations. For this reason treatment of dangerous derangements is neglected. But the Wine of Cardui treatment, which can be adopted at home without the knowledge of any one but the patient herself, is now coming into general use. Women who take Wine of Cardui do not have to submit to a physician's local examination nor to a surgical operation. Wine of Cardui cures in the privacy of the home. No publicity, no cutting and torture and no physician or examination, while Wine of Cardui is quietly building up and strengthening the female organs. Menstruation is regulated, the drains of leucorrhoea stopped and the fallen womb restored to its place. The terrible pains which rack the body are but results of the ailments, which yield so readily to the soothing properties of Wine of Cardui. The medicine that cured Miss Garlen will certainly help you.

**Wine of Cardui**  
 Rockford, Tenn., Aug. 16, 1899.  
 I have suffered from womb trouble for five years. Last spring a year ago I was bedfast for six months. I paid \$52 to one doctor, and he said he had done all he could for me. I had about given up, but called another doctor who said I would have to have surgical treatment. I decided I might as well die a natural death as that. I happened to get hold of a Ladies' Birthday Almanac, and in nine days after I commenced taking Wine of Cardui and Black-Draught I could walk across my room, and in three weeks I made myself a dress. This was after my neighbors, and even my brothers and sisters, said I would never be any better. I am now in good health.

### **THE PUBLIC SCHOOLS.**

County Superintendent Blatterman Tells of His Visit to Limestone, Lewisburg and Other Districts.

#### **SCHOOL DISTRICT NO. 42—LIMESTONE.**

This school is on the Flemingsburg pike about one mile from the city limits. It is in one of the most orderly communities in the county. The trustees are Mike Coughlin, a most valuable trustee, who keeps a sharp lookout for the school house and is instrumental in having it in first class order; Chas. F. Reed and F. J. Lingenfeiser. These gentlemen are all valuable trustees. Mr. Lingenfeiser does not take office, until July 1st, 1901, but every one who knows him knows him as a good and a worthy citizen, one who is bound to make a good trustee.

The teacher is Miss Margaret Murphy. She and her sister Miss Lizzie have taught this school for several years and with most excellent success. Miss Maggie is a lady of exceedingly bright manners and imparts much of her personality to her scholars. Her scholars show fine progress. We heard several reading classes and one in McMaster's School History of the United States. Their exercises upon the blackboard in arithmetic were also highly commendable and showed that they were carefully and accurately trained. We made a few remarks to the school, urging them to continue their work as they were doing and each one to strive to excel. Miss Maggie has certainly done most excellent work for this school and I hope she may continue.

After leaving, I proceeded to visit Lewisburg school, about five or six miles further on. Here I found everything in a most flourishing condition. The trustees are J. B. Steers, W. A. Downing, C. T. Marshall to enter office July 1st, 1901. An excellent board. I found the house in first class order—a beautiful house—with two comfortable recitation rooms and every convenience. It would have been better to build so as to allow more room. The teachers are Mr. R. F. Galtier, Principal, and Mrs. Lide Calvert, Assistant. I felt a pride in finding two such Mason County teachers. Mr. Galtier is a graduate of Georgetown College, and a remarkably pleasant, courteous gentleman. The school is under excellent control and has a very fine class of scholars. They are ambitious and do their work thoroughly, and I have not found a school where the scholars seemed to be more interested in their work. And what may I not say of Mrs. Calvert? She is a mother to the young children, and I think they love as if she were. It is beautiful to visit her school room, to see the unreserved affection which her scholars bear her, always tempered by respectful behavior which she imparts by her lovely manner. She brings them forward most commendably in their studies and no sign of impatience is ever to be seen. It is really a lovely sight to see her scholars and herself.

After spending some time, I made a few remarks upon air—a very light article—but a very important one. I asked them why the sky is blue instead of some other color, green for instance, but they could not answer and I did not expect that they could. I explained it to them and they seemed to be much interested and instructed. From this school we took a southwest direction to Cedar Hill School No. 56.

Cedar Hill, so called I presume, because there are no cedars in sight. But I was more interested about the school. They have a new, nicely-built school house, well furnished and equipped. The trustees are David Chinn, Uriah McDaniel. My impression is that they have not a full board of trustees, but it does not make much difference as these trustees are faithful and reliable. Mr. McDaniel has been a trustee here for many years and there was never a more faithful and true to the interest of the school. Mr. Chinn is a new man, but he has discharged his duties with fidelity and will be a very valuable trustee for the district. The teacher is Mrs. Alice M. Chinn, and she is a most estimable teacher, patient and forbearing. She keeps excellent order in her school room and her scholars seemed to be much interested. This closed my day's labor and I returned home.

G. W. BLATTERMAN,  
Supt. Public Schools.
